OFFLINE EDITOR

LOCATION: Canberra, Australia

TYPE: Full Time, Fixed Term Contract

TIME: Start mid-January 2022

▶ Role Overview

Offline Editors are responsible for crafting the narrative of our longform documentary programs. You will be working closely with Directors, Production Managers and Assistant Editors to ultimately create the full episode of broadcast TV at the offline edit stage.

There will be a need to engage with all aspects of the story, as well as the visual grammar and edit aesthetic of the film.

Experience with archive based History series would be considered an advantage,

We are interested in hearing from candidates of all experience levels, please send CV, Cover Letter & COVID vaccination status to the address below.

KEY RESPONSIBILITIES

- Demonstrable video editing ability with a strong portfolio across all forms of content
- Able to communicate with the Director and help achieve their vision
- Will lead, manage and mentor other members of the editorial team on both a project level, and a company level
- Will contribute creatively to the production process
- Will communicate with producers, executive producers and other senior members of WildBear on issues relating the Company as a whole
- Must demonstrate high levels of organisation and attention to detail
- Able to complete all assigned production tasks, including but not limited to footage research, clip logging, subclipping, preparing projects for editors, sequence assembly and assemble editing, conform, assemble edits, rough-cuts, fine cuts & picture lock.
- Able to execute all tasks and complete and deliver projects at an Offline Editor level
- Will exercise excellent personal time management and communication skills
- Will contribute to and learn from general Wildbear Entertainment edit, creative and technical communities
- Will work within budget and schedule constraints to complete work to an excellent level on or ahead of schedule.
